Fostering Friendship & Community Connections

resourcing inclusive communities
An initiative of Family Advocacy

NEW workshop!

Friday 14 April
9am - 4pm

Ryde Eastwood Leagues Club
117 Ryedale Rd, West Ryde

Are you supporting a person with disability to build freely-given relationships and connections to the community?

Many people with disability live their lives surrounded by services or paid staff, with few relationships beyond their families. Having friendships and a community around us is an essential part of a fulfilling life, and also provides a safeguard for the future.

Join this workshop to:

- Explore ways to build context to relationships
- Discover how to turn everyday situations into moments of possibility
- How to initiate an “ask” or “invitation” to engagement
- Learn about strategies such as circles of support
- Build a community around a person to safeguard their life
- Hear real-life stories and examples

You'll also gain clarity about the most crucial role of the supporter: being a bridge to community and relationship.

Who is this workshop for?

Anyone who is interested in supporting a person with disability to live a full and rich life.

This includes people with disability, their families, friends, allies, support team and community members.

Bookings essential
www.ric.org.au/events/
$35 - people with disability & families*
$50 - professionals

**We don't want you to miss out, so if price is a barrier please give us a call.*
