

School to Work 2-part Online Workshop

Join us for an interactive and participatory online workshop where you'll meet other families virtually

About the Workshop

Learn how to unlock employment opportunities for your young person with disability. The School to Work Project aims to inspire and equip students with disability, through the support of families, to secure valued jobs and pursue meaningful careers.

We focus on the typical ways and places where most people find work; where all people are appreciated and valued for their contributions to the workplace. We provide families and allies with practical information, tips and tools which focus on empowering students and young people to thrive in the workforce.

Who is this workshop for?

Parents, educators, and advocates of secondary students with disability. Come along if you want to explore different approaches and possibilities to what is traditionally provided to people with disability. Let's break down barriers together!

Wednesdays 6 & 13 May*
6pm to 8.30pm AEST
Online via Zoom

** This is 1 2-part workshop, you're strongly encouraged to attend both sessions.*

Topics

- Uncover student strengths and interests to use as a guide for potential work roles.
- Learn how to cultivate community connections and how to approach contacts outside of service systems.
- Practical strategies and tips on setting the young person up for success and developing a plan moving forward.
- Explore the characteristics of good employment supports and steps to find the right people.

FREE - Bookings essential
